

Declaration of compliance for PVDF intended to come into direct contact with food

Name of company Acoplastic A/S
Address Løvdalsvej 5, DK-3000 Helsingør, Denmark

We have made this declaration concerning the *material* PVDF (polyvinylidenedifluoride). The material is semi-finished and the declaration does not necessarily cover the finished product.

The raw material complies with the following regulations and standards:

- ✓ US regulation FDA CFR 21 §177.2510. May be safely used as articles intended to contact food.
- ✓ 3A Sanitary standard

The material is manufactured exclusively from the raw material and no other substances have intentionally been added.

Raw material supplier does not use any substances of animal origin on the composition of this product. So, they consider the product to be free of BSE (Bovine Spongiform Encephalopathy) and TSE (Transmissible Spongiform Encephalopathies) and they do not conduct any test.

It is the responsibility of the customer to determine whether the finished product and its intended use comply with the laws and regulations.

Best regards,

Ejvind Nyholm Nielsen

Managing Director at Acoplastic A/S
